Fixed as the Day for Special Registration.

Unregistered Democrats May Qualify Monday Week,

And Those Who Fail Can Not Vote in the Primary.

Important Meeting of the Committee Yesterday.

The Democratic County Committee met yesterday afternoon at 2 o'clock in the Chamber of Commerce pursuant to adjournment, and business of great importance relative to the coming primary was transacted.

Following is the official report of the proceedings as submitted by Chairman Judge Buford.

Meeting of the Democratic Committee. At a meeting of the Democratic County Committee held Saturday, August 12, the following resolutions were adopted:

1. That the members of the Committee from the county be authorized to select the officers of election for the county precincts and the city committee to select officers for the city.

2. That an Executive Committee of the chairman and four other members be appointed to arrange for the printing of ballot books, cards of instruction, etc., the securing of voting places, and all other matters of detail necessary to properly conducting the primary election on August 24th. The Chair appointed Messrs. Wehl, Yellman, Carroll and Farrell.

3. That when this committee adjourns it be to meet on Tuesday, August 15, 1893, at 2 o'clock p. m., for the purpose of selecting officers of election.

4. All candidates are requested to suggest officers of election in each precinct by the evening of Monday, August 14.

5. That the officers of election for the city of Lexington shall meet at the Court-House on Monday, the 21st day of August, from 10 o'clock a. m. to 4 o'clock p. m., for the purpose of receiving and deciding upon the applications of persons who have not registered, but who may be entitled to register under the provisions heretofore adopted by this committee, and that no person who fails to register on that day shall be allowed to vote at the primary election.

6. The City Committee will meet at the Court-House at 4:15 o'clock on the day of the election and proceed to count the vote of the city precincts, and it shall be the duty of the officers of election to bring the poll books, ballot boxes, and stubs to said committee at the Court-House immediately upon the closing of the polls, without opening the ballot boxes.

7. In the county precincts the member of the committee from each precinct is requested to be at the voting places at the closing of the polls, when he and the officers of election, or in case of his absence such officers alone will count the vote and certify the same to this committee, and immediately destroy the ballots and deliver the poll books, so certified and sealed, to the chairman of the committee on or before Saturday, August 26, at 10 o'clock a. m., at which time the committee will meet at the Court-House for the purpose of counting the vote of the county precincts.

A. J. GORHAM, H. M. BUFORD, Secretary, Chairman.

The regulations adopted by the Committee on August 2, in reference to unregistered but qualified voters, were, in substance, as follows: All persons who were out of town on the days of registration or sick and unable to register; all persons who have moved into the city since the registration and have been sixty days in their precinct; all persons who have become of age since the registration or will be of age before the regular election in November. The necessary blank forms of affidavit will be printed by the committee and placed in the hands of the election officers on Monday, August 21.

The Executive Committee in charge of the printing will have sample ballots printed with full instructions on the back and widely distributed among the voters. These will be put in circulation by the last of the week at the latest.

SENSATIONAL SUIT

FILED BY MISS POLLARD AGAINST COL. BRECKINRIDGE.

His Friends Should Suspend Judgment Until a Thorough Investigation Can be Had.

A sensational suit was filed yesterday in the District of Columbia by the attorneys of Madeline F. Pollard, against Representative Wm. C. P. Breckinridge, of this city, praying for \$15,000 damages.

The Press is in receipt of a dispatch containing the full details of the suit but refrains from publishing them on account of their nature and through deference to the family.

The affair is a very unfortunate one in any respect, and we indulge in the hope that Col. Breckinridge may be able to disprove the allegations made in the suit.

As to the truth or falsity of the charges we have no means of determining, but a natural impulse compels us to waive judgment until Col. Breckinridge has an opportunity of answering them.

Here in his home his friends will be slow to believe him guilty of the charges made, we trust, and that they will suspend judgment in the matter until a full investigation of the facts can be had.

ENDED IN MURDER.

A NEGRO QUARREL IN GOODLOE TOWN LAST NIGHT

Results in the Death of Martin Walker at the Hands of Tom Breckinridge.

Saturday night is usually lively about the negro suburbs, and Goodloe town keeps up its already tough reputation by coming to the front with a murder. Last night about half past eight o'clock a crowd of darkies were congregated near the corner of Race and Constitution streets. In the crowd were Martin Walker and Tom Breckinridge. The two became involved in a quarrel when, without warning, Breckinridge pulled a pistol and fired two shots, one ball taking effect in the left side near the heart and the other in the head.

Immediately after the shooting the darkies made themselves scarce, and when Officers Haley and Grace arrived on the scene very little could be learned of the difficulty. Acting upon information, however, the officers arrested Grant Mason, a Negro about 45 years old, and placed him in the Station House, charged with murder.

A Press representative talked with Mason immediately after his arrest. He said he did not commit the crime as he was at home all night and had not left the house. He also stated that he was only slightly acquainted with the murdered man.

Coroner Delph was notified and started on inquiring into the cause of the killing, but as it was hard to get witnesses at that hour the inquest was adjourned until Monday morning.

At midnight the police were scouring the town for Breckinridge and expect to capture him before morning. The officers are satisfied that Mason is not the party who committed the crime, but will keep him in custody until the Coroner's inquest is held.

WALTON AND HODGES.

Public Speaking at the Court House Monday Afternoon.

The following letter was received by Colonel John O. Hodges at 7 o'clock Saturday morning, too late for the columns of The Observer of that day, as designed by Judge Walton. He promptly sent it to the daily papers that the joint discussion might be made as widely known as possible. Between the stately lawyer and the fiery editor something is likely to fall at the court house Monday afternoon:

LEXINGTON, KY., Aug. 11, 1893.

HON. JOHN O. HODGES,

MY DEAR SIR:—In the last issue of your paper I noticed a card addressed to me, containing a request that I meet you in joint discussion of matters pertinent to our canvass, at the Court House next Monday at 1 o'clock p. m., and at other places during the week. It will afford me much pleasure to meet you next Monday, at the time and place designated. Owing to my engagements, further appointments must be subject to future agreements. Hoping you will give this letter space in your paper, I remain, Yours truly, MAT WALTON.

EXTREME DANGER

The Condition Which Now Confronts the Country.

The Washington Post Creates a Sensation.

Says the Silver Purchasing Clause of the Sherman Law Can Not and Will Not Be Unconditionally Repealed—Great Opportunity For Ostracism For the Next Few Days—Crisp Hard at Work.

WASHINGTON, Aug. 12.—The Post Saturday caused something of a sensation by publishing in lead type what it terms a statement of "The true situation." The post declares its own position to be "in favor of legislation authorizing the sale of bonds to such an amount as will bring back to this country its share of the gold of the world, believing that this is the surest way of convincing Europe that we intend to stay on the same currency basis as European nations, and of bringing about an international bimetallic agreement."

The Post continues: "It is best to meet the situation squarely, and without evasion. The truth is not always palatable; it may not be always a political thing to make known, and yet, when the country is confronted, as it is today, with a condition of extreme danger, it would seem as if the time for temporizing had passed. The purchasing clause of the Sherman law can not and will not be unconditionally repealed. This is absolutely true so far as the United States senate is concerned. It is not as likely to prove true of the house of representatives."

Chance For the Speech Makers.

WASHINGTON, Aug. 12.—The extraordinary vigor with which the silver debate opened in the house Friday already raises a question of physical endurance as to whether the pace can be maintained for the 14 days prescribed by the resolution adopted with the existing conditions of rainless, sultry weather.

Many of the new members, who desire to impress upon their constituents the idea that their representatives are taking prominent parts in shaping national policy on this momentous issue, will doubtless take advantage of the opportunity afforded by the general leave to print.

In this manner they will secure the publication of their remarks in the discussion and an authorization to print a sufficient number of copies to supply to their constituents without taking chances by testing their undeveloped debating powers on the floor of the house.

It is therefore expected that after a day or two the length of the day's sessions will be curtailed, and that the privilege of demanding night sessions will be seldom taken advantage of, if at all.

Nevertheless, it must be borne in mind that congress, under more favorable climatic conditions, has indulged in debates on the tariff and other questions far exceeding in length that prescribed for the silver discussion.

The blood resolution provides for about 60 one-hour speeches, and about 100 five-minute speeches—or 160 opportunities of oratory to be distributed in a house of 556 members.

Silverites Expect to Win.

WASHINGTON, Aug. 12.—"It is at this moment that the president is not in Washington," said Saturday's Post. "It is no wonder that the friends of silver smile and take courage. The question naturally arises, has this courage any foundation in fact? It undoubtedly has. In the house the forces of the anti-silver men have been handicapped by petty and absurd jealousies over the empty glories of leadership. It is in the senate, however, that an insurmountable barrier has been raised against unconditional repeal. With rules that allow indefinite debate, the senate is a stronghold for a determined minority. A canvass of the members of this body shows that a majority is against unconditional repeal. This is not a newspaper canvass, hastily and crudely made by representatives of the press, poorly equipped for such an important work, but an inquiry instituted by senators representing all shades of belief.

"The silver men, nevertheless, will agree to one compromise. They ask free coinage at an increased ratio, and they propose to block the way of all other legislation."

Crisp Hard at Work.

WASHINGTON, Aug. 12.—Speaker Crisp's methods of making up the committee, which began on Thursday night and will continue until complete, is described as follows:

Upon one list is written every committee as it now stands, together with the names of those who were members of the last congress but have retired to private life. Upon another list are the names of the new congressmen, with annotations of how they may be placed. Elsewhere are collected the requests which he has received from members asking for assignment to such and such work. When these lists are completed the speaker will sit down, and his son on one hand and his clerk on the other, dictate his committees. He was working at his desk Friday night with more cheerfulness than he has heretofore displayed. His path was made easier for him.

Not only has the silver agreement helped the head of the house, but he has practically precluded any chance of a filibuster, which would have been possible under any reported rules.

"It is the best bit of diplomacy," said Mr. Thomas B. Reed last night, "of which I have ever known the Democracy to be guilty."

Stole \$75,000.

ALBANY, Ill., Aug. 12.—Lee Butler, cashier of C. M. Wright's bank, has fled and with him has gone \$75,000, the entire assets of the institution. He was married to the daughter of his employer, but bade her goodby Saturday night and left. He was last heard of in Chicago, where he claimed to have met ruin through speculation. The funds of the Odd Fellows' Building and Loan association and Woodmen's order also disappeared. He has been found short in his accounts as school director. Altogether it is thought Butler's defalcations will figure in the neighborhood of \$75,000.

The Decline of Outward Mourning.

The decline of mourning has been gradual for several centuries and seems to keep pace with the growth of civilization. Men no longer insist on having all the women folk of their family slain at their obsequies as did our forefathers in pre-Christian times, nor yet do we cut off the tails of our horses and rend our garments as tokens of grief. Even the church is with us in the matter, and by order of the pontiff at Rome several pastorals have been issued in Italy and other foreign countries protesting against and condemning the luxurious character of funerals, and especially against the abuse as regards the amount and value of the flowers. These pastorals have likewise been taken as a text by several leaders of the Anglican church in Great Britain and the Lutheran church in Germany, with the result that far greater simplicity is being observed just now in matters pertaining to funerals.—New York Tribune.

Little Is Known of the History of the Cane.

The fashion or habit of carrying a walking stick or some article of the same nature seems to have existed from the remotest antiquity. The spear of the warrior, the shepherd's staff, the club, baton, rod or wand of office are all developments of the same idea. It has been used not only as a support to the body, but to lend dignity and grace to the individual and as a means of defense. In modern times the use of walking sticks has increased enormously, and today the manufacture and use of these articles are cultivated almost to the extent of a fine art. But, though popular and well known as an article of every day use, very little is known about the walking stick as an article of commerce—where it comes from, who makes it and how it is made.—Chambers' Journal.

Col. L. J. Alfred Writes:

I am in my seventy-third year, and for fifty years I have been a great sufferer from indigestion, constipation and biliousness. I have tried all the remedies advertised for these diseases and got no permanent relief. About one year ago the disease assuming a more severe and dangerous form, I became very weak and lost flesh rapidly. I commenced using Dr. H. Moxley's Lemon Elixir. I gained twelve pounds in three months. My strength and health, my appetite and my digestion were perfectly restored, and now I feel as young and vigorous as I ever did in my life.

My daughter has been subject to chills and fever from her infancy. I could get nothing to relieve her; the Lemon Elixir has restored her to perfect health.

Is Life Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order—the breath is bad, digestion poor, head dull or aching, energy and hopefulness gone, the spirit is depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a medical perfection.

AT A FEVER HEAT.

The Excitement At Coal Creek Over the Lynching

Of Dick Drummond by Members of the State Militia.

Two Companies of Troops Held Under Arms at Chattanooga Ready to March to the Scene of the Disturbance at a Moment's Notice—Adjutant General Eitz Discusses the Situation.

CHATTANOOGA, Aug. 12.—The trouble between the miners and the soldiers at Coal Creek is at fever heat over the shooting of a soldier in a bawdy house and the subsequent lynching of Dick Drummond by members of the state militia. Two companies here have received orders to be ready to march to Coal Creek. The members met at the armory, and were held under arms awaiting orders to march.

Strong Feeling Against the Militia. KNOXVILLE, Aug. 12.—It is thought the miners will make no further attempt at violence though there is no telling what they may do at any moment. The striking miners are very restless in their idleness, as the strike is still on, and all the mines are shut down. The body of Dick Drummond, who was lynched, was brought here for burial. The verdict of the coroner's jury was that he came to his death by the willful and malicious acts of the state militia now located at Coal Creek. The feeling against them is very strong.

Adjutant General Eitz. NASHVILLE, Aug. 12.—Adjutant General Eitz said Friday: "There is much excitement in mining regions, and I can not tell what will be the outcome. I have asked for a report on the Loughery killing and the lynching of Drummond, and intend to see that all the guilty parties are brought to justice, whether soldiers or miners. Until I receive the report I can not say what will be done. I am fully prepared to uphold the honor of the state should riots break out."

COLD STORAGE FIRE FUND.

Will Be Asked to Pressing Relief, and Balance Invested.

CHICAGO, Aug. 12.—It has been decided that Mayor Harrison, President Higginbotham and the committee having charge of the cold storage fire fund of \$100,000 to first pay the funeral expenses of the victims and relieve the pressing wants of the widows and children, and then divide the remainder into four parts. Three-fourths will be invested in securities, the income to be paid to the beneficiaries, and the other fund will be used for any contingencies that may arise.

HORSES AND CATTLE.

Over 1,200 Horses Have Been Entered For Exhibition.

CHICAGO, Aug. 12.—The entries for the cattle and horse exhibits have closed. There will be about 80 exhibits for horses and 1,205 animals have been entered in the contests. The number entered from the different states and Canada are: Canada, 24; Illinois, 172; Minnesota, 154; Ohio, 99; Missouri, 83; Indiana, 78; New York, 67; Nebraska, 40; Kentucky, 33; Michigan, 17; Kansas, 42; Iowa, 54; Vermont, 49; Maine, 13; Pennsylvania, 59; North Dakota, 10; Massachusetts, 1.

Drying Up Bank Books.

NEW HAVEN, Aug. 12.—A number of local money lenders are buying up bank books for 75 or 80 per cent of their face value for cash, and doing considerable business in that way. The rule put in effect by the local banks preventing the drawing of any deposits on less than 90 days' notice makes it impossible for many people to draw cash as they need it, and the buyers are taking advantage of their extremity.

In the Hands of the Sheriff.

NEW YORK, Aug. 12.—The sheriff has taken charge of the office of the Equitable Manufacturing and Electric Company on an attachment obtained by Cravath & Houston for \$29,549 in favor of Wendell Goodwin for money loaned. The company was incorporated several years ago, and had, it is said, a capital stock of \$1,000,000.

Broke Down When He Saw the Rope.

PIKEVILLE, Ky., Aug. 12.—Henry Hall, who killed his young brother, Andy, in November, 1892, during a quarrel over a game of cards, was hanged here. The place of execution was half a mile from the jail, and when Hall saw the rope and trap, his nerve forsook him and he cried like a baby.

Five Persons Drowned.

VIGO, Spain, Aug. 12.—The French transport Drome came into this port badly damaged after a collision with the French steamer Oeteville, bound from Penarth for Marseilles. The merchant steamer was so badly damaged that she sank. The Drome picked up 18 persons. Five perished.

Unconstitutional.

SACRAMENTO, Aug. 12.—Judge Prewitt handed down a decision declaring unconstitutional and void the action of the legislature in removing the capitol from Sacramento to San Jose. This is a well-merited rebuke to the flippant legislators who instituted the puerile resolution.

DENVER, Aug. 12.—Intimate associates with Governor Waite say he has determined to call an extra session of the legislature a month hence after his return from an eastern stump tour. Further recommendations will depend on congressional action on silver.

DECLARED ILLEGAL.

Local Option Election at Bowling Green Void for Several Reasons.

Special to The Press. Bowling Green, Ky., Aug. 12.—The board, consisting of Judge John B. Grier and Judges Elvin H. Porter and John Demuth, this morning decided the contest over the local option election held in this city July 1. The opinion was in writing, and declares the election illegal and void for several reasons, chief of which are that the law under which the election was held is unconstitutional and invalid, and that the secrecy of the ballot was destroyed by the use of ballots which were so transparent that the officers of election could tell at a glance how each man voted. It is not known yet whether the matter will be appealed.

Will Stay With Us.

Mr. Louis Adler, who had sold out his business to a party from Alabama, to give possession August 1, informs us that the sale fell through.

The purchaser, owing to the stringency of the money market, is unable to fulfill his part of the contract, and has forfeited \$500 to Mr. Adler, which was the conditions of the sale.

On account of this Mr. Adler has so far placed no orders for his fall stock, but expects to go East within a few days for that purpose, when he thinks he'll be able to buy at very much lower figures than if he had made his purchases earlier, as usual. "It's an ill wind, etc.," he says, "when he gets his new fall stock in he'll make he welkins rug with low cash prices."

AMUSEMENTS.

The opening attraction at the Opera House August 28 will be the Manola-Mason comedy company in their charming play of "Friend Fritz." The following paragraph is from the Boston Herald:

"Friend Fritz" is a gem. It is a pretty dramatic poem. It is delicate in coloring, refined in tone, appealing in sentiment. It is a pastoral and sweetness, simplicity and charms of rural life and genuine heart throbs of nobility and love pervade it. It glows with true manhood and womanhood; it is alive with elements that awaken strong responsiveness in the hearts of listeners; it thrills and soothes, it brings smiles and tears.

Delicious music bursts out through it, airs that haunt one, that remain with you for days, that you find yourself frequently humming, and they are chiefly sung by Mr. Mason and Miss Menola and sung very delightfully. Gracefully are the scenes of the play laid, with a quietness yet thoroughness of arrangements that forms a series of charming pictures, outlined by Mr. and Mrs. Mason with a superbness of finish that eclipses any similar attempts they have ever made.

Bessie Bouehill was presented with a valuable diamond ring on the stage of the Alhambra, Brighton, England, by several of her English admirers a few days before her departure for America. It was a souvenir of her visit to Brighton and of her last engagement in England prior to her starting tour in this country in May-mates.

A CARD.

STATE COLLEGE OF KENTUCKY, LEXINGTON, Aug. 12, 1893.

Editor Press: Sir:—I am informed that I am quoted as saying that Mr. Isaac P. Shelby, Jr., who is a candidate for the office of Surveyor of this city, is not competent to discharge the duties of this office. Will you kindly allow me the opportunity of denying through your columns that I have made any statement such as the above? I know Mr. Shelby to possess in a high degree the qualifications requisite to fit an engineer for the office of City Surveyor.

Mr. Shelby received the degree of Civil Engineer from the State College under my instruction. He not only studied diligently and successfully, but also showed great aptitude for practical work in his profession. Moreover, he has had service in the field and in connection with municipal engineering while in association with me as well as with other engineers, both before and since he received his degree, and won the praise of his associates. I know him to be diligent, faithful, intelligent and exceptionally well informed in his profession. His knowledge of the science of engineering in its highest branches prepares him for studying and conducting public works of such importance as will confront the engineer who will have to direct the physical development of our city during the next administration. That this development will demand the best skill, intelligence and scholarship is well known. That Mr. Shelby can well serve the city in this development I feel sure. As an engineer I shall be pleased to see him chosen for the office that he seeks.

Yours truly, J. P. Nelson.

A CARD.

Editor Press: I announced myself a candidate for Keeper of the Work-House some time ago and still expect to be a candidate at the regular election. I did not have \$100 to give the Democratic Committee on the 9th as they required, hence I can not get my name in the poll books at the primary. I have always voted the ticket, and have given to the party and have worked for thirty years and railroad tax benefits. I am a candidate for the office because I need it. Persons not voting in the primary for that office will not be bound at the regular election.

CAMP NOTES.

The following camp notes of the recent encampment at Bowling Green were contributed by a member of Company E:

Adjutant John V. Nicholas made an exceedingly good officer, and has many friends among the boys. John graduated at the Virginia Military Institute this year with highest of honors, and had many compliments paid him by the officers while in camp at Bowling Green.

Capt. William R. Wallis, of Company E, made a good captain, making less mistakes than any captain in camp. Lieut. Robert Kennedy and Walter Sharpley attended to their military duties in a graceful manner.

Secretary D. C. Moss made many friends while in camp. He had the signing of all the passes for the boys.

Mr. Ben Vannmeter was the leader in camp. He led the boys into many a good grape arbor and watermelon patch.

Color Sergeant Will Longmire had charge of our party flag and it was well protected.

All of Company E men did well, and while on duty it was strictly military.

Col. Gaither was well pleased with all the boys.

Adjutant Henry Barry is a well drilled officer and did credit to the company and himself.

Among the many pleasant features of the visit in Bowling Green was the renewal of the acquaintance of an old Lexington boy, Mr. B. P. Easley, who is doing a thriving grocery business. He was delighted to shake hands with the Lexington boys.

Y. M. C. A. Notes.

The men's meeting today will be addressed by Mr. J. S. Terrill. Subject: "Thoughts on the World's Fair," at 3 o'clock in the Young Men's Christian Association rooms. All are cordially invited.

A Surprised Foreigner.

A good joke in connection with the custom prevalent in Washington society of having professional caterers furnish the china and other table service at big dinners has just leaked out. It occurred when a distinguished foreigner who attended several swell dinner parties remarked to a Washington friend: "You Americans have many peculiarities, but no one of them has struck me with more force than the remarkable similarity in taste among your wealthy people. I have attended three dinner parties this week, and at each of them the handsome decorated china was of identically the same pattern."

The Washingtonian was strongly tempted to explain, but upon consideration he concluded to let it go at "similarity in taste." The reason he kept the joke until now was that he did not care to have it get out until his foreign friend had returned home.—Washington Cor. Springfield Graphic.

Society Islands Oranges.

The wild oranges of the Society islands, which are now an important article of export, owe their origin partly to Captain Cook, who brought hither slips from Brazil, and partly to the early missionaries from the Australian colonies, who introduced another variety. It is these two kinds, though left untended—for there are no plantations of oranges in the islands—which have by acclimatization and self propagation gradually merged into the one variety so favorably known in the market as the Tahiti orange. The fruit, which varies from oblong to oval in shape, is large, thin skinned, very heavy, sweet and full flavored. The propagation of the Tahiti orange tree is accomplished by "riders," such as rats and other animals, who scatter the seed, which, owing to the moist, warm climate, germinates with certainty and rapidity.

The Object of University Extension. The fundamental object of university extension is, perhaps, after all, not scholarship, but the arousing of an interest which may lead persons to set about the acquisition of scholarship, the setting of persons on the high road toward scholarship, the guiding of them in the right direction, thus enabling them to aid others who have the desire and ability to become scholars—in other words, the strengthening of all the latent and open forces and influences which tell for scholarship.—Chicago Tribune.

A Little Fatherly Advice.

"If ever you marry," said an old gentleman to his son, "let it be a woman who has judgment enough to superintend the getting of a meal, taste enough to dress herself, pride enough to wash her face, and sense enough to use Dr. Pierce's Favorite Prescription whenever she needs it." The experience of the aged has shown the "Favorite Prescription" to be the best for the cure of all female weaknesses and derangements. Good sense is shown by getting the remedy from your druggist, and using it whenever you feel weak and debilitated. It will invigorate and cannot possibly do harm.

Hood's Cures

Owe all My Health to It

Cured of Sick Vomiting Spells, Dizziness, Nouralgia, Weakness.

Mrs. S. M. Waters
Georgetown, D. C.

"I have often seen statements from people benefited by Hood's Sarsaparilla, and I feel that I am not doing justice unless my testimony is added. I have been suffering with sick vomiting spells for three or four years, with dizziness, most of the time almost perfectly prostrated. I had no appetite, and suffered also with neuralgia in my head and eyes. I was treated for two years by the best physicians, but found no relief. They would tell me my condition was

Owing to my Age

and that I must have patience. But after two years I thought, patience ceased to be a virtue. I was growing so weak I could not sleep at night. And when I was able to go out, I was afraid to go far from home. I was constantly tired; I could not go up or down stairs or raise my arms above my head without dizziness, and was so afraid to look up that I became accustomed to holding my head down.

At Last

I was persuaded to take Hood's Sarsaparilla, and after using four bottles, my improvement in health is wonderful. I candidly believe I am cured of all my ailments. My appetite is good, can eat at any time, am free from neuralgia and other troubles. I never felt so well or was as stout as now since I was married, and I am mother of nine children. I have increased from 125 to 143 pounds. I am perfectly well, go out every day. When my friends ask what has made such an improvement I tell them I owe it all to

Hood's Sarsaparilla and that I am made over again." Mrs. S. M. WATERS, 1213 32d Street, N. W., Georgetown, D. C. Take Hood's

Prof. Niel,

Government chemist, writes. I have carefully analyzed your "Royal Ruby Port Wine," bought by me in the open market, and certify that I found the same absolutely pure and well aged. This wine is especially recommended for its health restoring and building up properties; it strengthens the weak and restores lost vitality; particularly adapted for convalescents, the aged, nursing mothers and those reduced and weakened by over-work and worry. Be sure you get "Royal Ruby," \$1 per quart bottles, pints 60cts. Sold by Stoll, Vannatta & Co., 43 and 45 West Main Street. Bottled by Royal Wine Co., Chicago.

The Proof of the Pudding.

Have you humors, causing blotches? Does your blood run thick and sluggish? Are you drowsy, dull and languid? Is a bad taste in your mouth, and is your tongue all furred and coated? Is your sleep with bad dreams broken? Do you feel downhearted, dismal, dreading something, what, you know not? Then be very sure you're bilious—That you have a torpid liver.

And what you need is something to rouse it and make it active enough to throw off the impurities that clog it; something to invigorate the debilitated system, and help all the organs to perform the duties expected of them, promptly and energetically. That "something" is Dr. Pierce's Golden Medical Discovery, the great blood purifier, which its proprietors have so much faith in that they guarantee it to cure. If it does not, your money will be refunded. But it will. Buy it, try it, and be convinced of its wonderful power. If the proof of the pudding is in the eating, the proof of this remedy is in the taking.

FINALLY TERMINATED.

The Labor Troubles in Carnegie's Two Mills.

PITTSBURGH, Aug. 12.—The great labor trouble at the Twenty-ninth and Thirty-third street Carnegie mills, which resulted so disastrously more than a year ago, has terminated. It is reliably reported that an amicable settlement of differences will be effected and the many hundred men who joined in the sympathy strike of 1892 will resume their places. It will be remembered that the strike at these mills was inaugurated during the labor conflict at Homestead. The men who were working under the Amalgamated association rules and scale went through a desire to strengthen their brother workers at Homestead. The long continued strike has caused much distress. At a meeting Friday night it was decided to declare the strike off, and a petition was drawn to be presented to the Carnegie officials, asking for a removal of the ban and that they may be permitted to take their old positions in the mills.

SAVED HIS MASTER'S MONEY.

A Spaniel's Sagacity Fools Three Highwaymen.

SHAMOKIN, Pa., Aug. 12.—A black spaniel earned a square living for the rest of his life from his master, George Rohan, a farmer of Chemung county, N. Y. Mr. Rohan came here to invest in some land. He carried a wallet containing \$2,100, when he was attacked by three masked highwaymen. Rohan seized a fence rail, but after a hard fight was knocked down. The men piled on top of him, and then the dog took a hand. His sudden attack frightened off the robbers for a moment, and Rohan thrust his wallet into the dog's mouth. The intelligent animal dashed off into the woods, the robbers in pursuit. They shot at the animal repeatedly, but to no purpose. Rohan was badly used up, but when the animal came back to him in five minutes, still bearing the wallet, he seized it in his arms and covered it with kisses. He lost no time in getting away from the vicinity.

THE proprietors of Ely's Cream Balm do not claim it to be a cure-all but a remedy for catarrh, colds in the head and hay fever. It is not a liquid or a snuff, is easily applied into the nostrils. It gives relief at once. 50c.

I HAD catarrh of the head and throat for five years. I used Ely's Cream Balm, and from the first application I was relieved. The sense of smell, which had been lost, was restored after using one bottle. I have found the Balm the only satisfactory remedy for catarrh, and it has effected a cure in my case.—H. L. Meyer, Waverly, N. Y.

The Hot Springs of Arkansas.

In 1888 a gentleman visited the Hot Springs, when he became much interested to learn the secret of the great influx of visitors from all parts of the world. What are the properties of these wonderful springs, quoth he, and why may they not be condensed—applied differently and perhaps more effectively at our homes without having to incur the great trouble and expense of a trip to this remote place? This idea induced experiments, and finally brought about better results than had ever been anticipated.

After a careful analysis of this famous water and noting its effect on the different diseases treated with it we decided to offer it to the public as a substitute for the expensive trip to the Hot Springs, assuring all who may desire this class of treatment that the same effects are guaranteed as would be produced by a visit to the Hot Springs in Arkansas.

The New South and the World's Fair.

No section of the country, East, North or West, is taking a greater interest in the World's Fair at present than that portion lying south of Mason and Dixie's line, and typical Southerners, easily distinguishable in the immense throng by the graceful military bearing of the gentlemen and the rare beauty of the ladies, are to be met in great numbers on the Exposition grounds, in the corridors of the leading hotels and at the various social gatherings in the World's Fair City.

As a large extent the success of the Fair depends upon the southern people; the Board of Managers expect hundreds of thousands of people from south of the Ohio River to attend the Exposition, and from present indications they will not be disappointed. The railroad companies are making extensive preparations to take care of the people, and their comfort enroute is fully assured.

The Big Four Route, which is the only line making connection in Central Union Station, Cincinnati, with through trains of the E. T. V. & G. Queen & Crescent Route, Louisville & Nashville R. R., Kentucky Central R. R., and Chesapeake & Ohio R. R., naturally forms the popular outlet for southern travel, and to accommodate the business fine elegant vestibuled trains, with parlor cars, sleeping cars, dining cars, and elegant coaches are run daily from Cincinnati to Chicago, stopping at Midway, Pleasanton, the Miami, Evansville, and the World's Fair, 60th St., Hyde Park, 51st St., 38th St., 22d St., and running into the new 12th St. Station on the Lake Front.

All the World's Fair hotels and boarding houses are located adjacent to the Big Four stations and passengers via this popular line avoid the long, tiresome transfer across the city necessary by all other lines from Cincinnati. There is positively no other line landing passengers at the stations named, and as it affords in addition to the comfort and convenience a great saving of time and expense, all the people of the South who contemplate a trip to the World's Fair should be sure to ask for tickets via the Big Four Route.

Deafness Cannot be Cured

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

ON THE INCREASE.

Now 17 Cholera Patients at Swinburne Island.

Two More Deaths From the Dreaded Disease.

The Italian Government Making Every Effort to Prevent a Spread of the Plague Now raging in Naples—Yellow Fever Excitement Rapidly Subsiding in Florida—No New Cases.

New York, Aug. 12.—Saturday noon Health Officer Jenkins issued the following cholera bulletin from quarantine:

At midnight Friesona Mola, aged 27 years, and Mariana Roberti, aged 23 years, died of cholera at the Swinburne Island hospital. The remains were incinerated this morning. Before noon today nine suspects were removed to Swinburne Island for observation and treatment. They were all Italians.

The bacteriological examination proves that all the patients removed yesterday were cholera Asiatica. The census of the hospital today shows 17 patients, one of whom is convalescing. Eight of these have been confirmed as cholera and nine suspects.

CHOLERA ABROAD.

Rome Making Preparations For the Worst—Elsewhere.

ROME, Aug. 12.—The government has ordered that a physician and a sanitary corps accompany every train running between Naples and Rome. All the hotels at Rome have been cleaned and were put in good condition to guard against an invasion of cholera. Signor Carloni, director of posts and telegraphs, who was sent to Naples a few days ago on business, was attacked with cholera a few hours after his arrival and died on the following day.

Thirty-Six Cases and Eighteen Deaths.

BUCHAREST, Aug. 12.—In the 24 hours ending at noon Friday 14 new cases of cholera and six deaths were reported in Braham, 16 new cases and 11 deaths in Soelina and six new cases and one death in Czernavoda.

Ten New Cases in Naples.

NAPLES, Aug. 12.—Ten new cases of cholera and 10 deaths were reported in this city between noon Thursday and noon Friday. The death list includes some fatal cases previously reported.

RAPIDLY SUBSIDING.

Excitement Over the Yellow Fever Scare at Pensacola.

WASHINGTON, Aug. 12.—Surgeon General Wyman Saturday morning received the following telegram from Passed Assistant Surgeon Magruder of Pensacola, Fla., touching the yellow fever outbreak there:

No new or suspicious cases have appeared since the two deaths already reported. Excitement rapidly subsiding. House-to-house inspection begun today by order of state health officers, and will be completed Sunday. A proclamation was also issued by the same officers stating that no cause for undue alarm seems to exist at present.

There is no hope of recovery for several.

The loss will be very heavy.

TWO ARE KILLED.

Four Robbers Killed With a Hot and Unexpected Reception.

AKOTA, I. T., Aug. 12.—At Lehigh a fight occurred between officers and robbers, in which two of the robbers were killed and it is thought two others wounded. Four men came to the store of Phillips & Company, captured A. R. Tutt, who had a key to the store, and at the muzzle of a shotgun, forced him to open the door. Marshall J. W. Cael and three others were secreted on the inside, and when they entered told them to hold up their hands. The marshal's posse fired, instantly killing two of the men and wounding two others. The robbers intended to kill Mr. Barton, the bookkeeper, and James, the clerk, after forcing them to open the safe. The men killed reside in Lehigh. One of them was Pearce; the other's name is unknown. Their bodies were turned over to their families.

Says He is a Fraud.

NEW YORK, Aug. 12.—A special to The Press from Boston says ex-President Harrison, who is visiting his daughter, Mrs. McKee at Beverly, denies that William Harrison, who was sent to the Boston poorhouse recently, was a cousin of his, as claimed.

A Remarkable Baby.

LANCASTER, O., Aug. 12.—Mr. and Mrs. Frank Mayes of Madison avenue are the happy parents of a rare specimen of infancy. The little son, who is but 3 weeks old, weighs only three pounds. The father's weight is 122 pounds and the mother's 140 pounds.

Railroad Shops Shut Down.

PINE PLUFF, Ark., Aug. 12.—The St. Louis Southwestern railway shops in this city have been shut down indefinitely, throwing out of employment 300 machinists. No prospect of immediate resumption is given and the men are leaving the city.

RELIGIOUS RIOT.

Mohammedans and Hindoos Fighting on the Streets of Bombay.

BOMBAY, Aug. 12.—A number of Mohammedans and Hindoos became involved in a dispute Friday which soon led to a general riot. Eight Mohammedans were observing one of the festivals commemorated by the Koran while the Hindoos were also celebrating religious observances and religious feeling was high on both sides, and it took but little to cause the men who were at first involved in the dispute to come to blows. The number of rioters grew rapidly and when some of the Mohammedans proposed to capture one of the holy Hindoo temples they found plenty to aid them in the attempt.

Howling and yelling "Allah Il Allah," the Mohammedans rushed to the temple but the priests, aided by hundreds of Hindoos, fought desperately against the desecration of the building and drove the attackers off. The fighting continued until the authorities called out the troops to restore order, which was ultimately done after considerable trouble. The rioting was generally in the business part of the city and during its continuance traffic was entirely stopped. The feeling between the two sections has been rendered more bitter by the fighting. A close watch will be kept to prevent another outbreak.

BLOUNT AND HAWAII.

No Arrangements Have Been Made to Receive the Minister.

WASHINGTON, Aug. 12.—It is said at the state department that no arrangements whatever have been made for diplomatic representation at the Hawaiian Islands is the event of Minister Blount's leaving there to visit the United States, but that if Mr. Blount should leave Hawaii, the duties of the office would naturally devolve on the consular general, an office now held by Mr. H. W. Severance, rather than the naval officer in command of the station. Secretary Gresham said that if Admiral Skeratt had been placed in charge of diplomatic affairs at Honolulu it must have been by order of the secretary of the navy, as he knew of no such instructions.

The latest press dispatches from Honolulu, dated Aug. 9, say that Minister Blount is awaiting the arrival of his successor. If that is so, he will not start for home for some time yet, as no such appointment has been made.

According to present information there is not much likelihood of a change in the Hawaiian mission before the existing complications reach a settlement. It may become necessary to summon Mr. Blount to assist in the negotiations at Washington, but that would not necessitate a change.

SPECULATION IN CASH.

New Yorkers Doing a Big Business in Currency.

NEW YORK, Aug. 12.—The speculation in currency has reached that point where bankers are compelled to set their teeth against depositors who draw out their cash to loan it to brokers for a premium. An instance of how country bankers are trying to get currency when they don't really need it was noticed by the Seaboard National bank. That bank received a letter from a country bank asking them to receive some currency that they did not need and sell it at the market rate on their account. Mr. Nelson, the vice president of the Seaboard bank, looked up the New York correspondent of the bank in question, and on conferring with it found that the bank which wanted to sell some "spare" currency had actually drawn that currency on a loan out of its New York correspondent.

Local Currency.

DANBURY, Conn., Aug. 12.—Owing to the scarcity of currency in the city, the Danbury and Piquette National banks are preparing to issue currency in the shape of certified checks. They will be accepted at the banks for deposit only, and will be payable in New York national banks, through the New York clearinghouse. The local banks commenced to issue this medium on Saturday. They will give manufacturers and other customers half currency and the rest in certified checks. The checks, which will be issued in denominations of \$1, \$2 and \$5, will be given to employees for wages, and it is estimated that \$50,000 will be thus employed.

Alabama Outlaws Killed.

MOBILE, Aug. 12.—There is great excitement in Clarke, Choctaw, Wilcox and Marengo counties over the fight between the notorious Meachamites and citizens. The Meacham gang is a very bad one, and they have committed many murders throughout the country. The citizens are determined to clean them out this time. It is estimated that 500 men are under arms. The gang are guilty of moonshining, barn burning and many assassinations. T. J. James, the leader of the gang, has been killed. A dozen others are reported killed, but the names cannot be ascertained.

Lynchers Indicted.

MEMPHIS, Aug. 12.—The grand jury has found about 50 bills. The majority of them are in connection with the Lee Walker lynching, and many arrests are to be made in the next few days. The case of Mary S. Clancy, the young woman who embezzled \$200 from the Wilson & Gibbs Sewing Machine company, came before it, and several indictments will be returned against her. It is possible that the charge of forgery may also be preferred.

Reconsidered and Accepted.

PITTSBURG, Kan., Aug. 12.—The coal miners' strike so far as the mines of the Santa Fe company are concerned, is believed to be at an end. Fuel Master Devlin of the Santa Fe road offered to settle on a basis of 50 cents a ton for nine run coal the year round. The men refused to accept, but reconsidered, and wired Devlin that they would go to work Monday. The Santa Fe mines are the most important in the district.

Refused Checks For Pay.

NEW YORK, Aug. 12.—Pay day has come to a sudden stop in the Long Island railroad yard in Long Island City. The small currency gave out and the paymaster was forced to suspend, while a disappointed crowd of about 400 employees begged the cur and wanted to know what was the matter. The company offered to give them checks, but the men wanted money.

Proof of Merit.

The proof of the merits of a plaster is the cures it effects, and the voluntary testimonials of those who have used ALLCOCK'S POROS PLASTER during the past thirty years is unimpeachable evidence of their superiority and should convince the most skeptical. Self-praise is no recommendation, but certificates from those who have used them are.

Beware of imitations and do not be deceived by misrepresentation. Ask for ALLCOCK'S, and let no solicitation or explanation induce you to accept a substitute.

HEAD US!

Will Some One Kindly Get
in the Way?

We are in Danger of Run-
ning Over Something.

The Irontons Come Here to
Do Us Up,

And We Turn the Trick on
Them Three Times.

Our friends, the Ironton's, came,
saw and were conquered.

The last of the first series of games
with the Ironton's was played yesterday
afternoon in the presence of about
one thousand spectators. It was a
beautiful game and full of interest.
Especially was this the case in the
seventh inning when the Buckeye
boys came within one of tying the
score. But when the "Boys in Blue"
increased their lead three more scores
in the eighth and ninth innings the
Lexington contingent breathed easier.
Still they did feel a little uneasy for
the "Big Four" that did the mischief
the day before were to face McFarlan's
curves in the ninth, and they only
needed four scores to tie the game,
but this suspense was of short dura-
tion as the home boys made short
work of the visiting laddies.

Berte, the first man up, got his base
on ball, went to second on a passed
ball and got to first in safety, while
Berte trotted to third. Reeder hit a
slow one to third and Berte attempted
to score, but was thrown out at the
plate, Wallace going to third. Som-
mers, in attempting to sacrifice, hit
the pitcher and was thrown out at
first. Wallace, trying to score, was
thrown out at home.

For the visitors Driscoll singled,
Gilman struck out, Little flew out
to Reeder and O'Brien knocked a fly
to left field, which McGann, after a hard
run, muffed and Driscoll scored.
Frank hit to short field and was
thrown out at first.

With the score one to nothing in
favor of the visitors Lexington stock
was hardly par value, but in the se-
cond the boys showed the kind of stuff
they were made of, knocking out
three runs. Scott was presented with
first base by four bad balls and came
home on Meredyth's single to right
field. Meredyth stole second. Mc-
Farlan struck out, McGann hit a hot
one down the foul line to third that
proved too hot for the ex-Cleve-
land third baseman and Meredyth
scored. McGann tried to
steal second, but failed. With
two men out Roxy Davis stepped to
the plate, and as the visiting left
fielder was laying for Roxy in half-
center, the tricky catcher fooled him
by making a beautiful two-
bagger about two feet inside the left
foul line. Little Berte, not to be out-
done, hit another one of the same
kind and Davis scored. Wallace was
not equal to the emergency and struck
out, leaving Berte on second bag.

Welsh, for the visitors, scored on a
hit by Mercer assisted by a wild pitch
and a passed ball in the second in-
ning. Reeder made the circuit in the
third inning after Frank had muffed
his fly to left field. In the third in-
ning for the visitors Gilman singled
over second and was safe at first.
Little hit to Reeder and Gilman was
forced out at second but too late for a
double. O'Brien hit to Sommers who
fumbled it and Little was safe at sec-
ond and O'Brien safe at first. Frank
then concluded to try Captain Som-
mers with another which the Captain
handled nicely, throwing it to
Reeder forcing O'Brien out, and
who in turn fielded it to first, com-
pleting a neat double play. The visi-
tors failed to score again until the
seventh inning. Mercer singled to
center and scored on Driscoll's two-
bagger. Gilman hit the ball hard, but
McGann took care of it in left. Little
singled to right field and Driscoll
scored. With one man out and a
Buckeye on first and needing only
one more score to tie the locals, things
looked pretty rocky when that heavy
bitter O'Brien selected his wagon
tongue, but every heart was made
happy by his hit down to Sommers,
who completed another double play.
This ended the run getting for the
visitors.

In the seventh for the local team
Reeder hit a long fly to center, which
Welsh gobbled up. Sommers hit a
daisy to center, but Scott knocked a
grounder to Little, who threw to
Driscoll on the second bag, forcing
out Sommers and Driscoll completed
a double by throwing Scott out at

first. McFarlan singled in the eighth
and scored on McGann's three-bagger,
but McGann was called out for failing
to touch the second bag. Davis ended
the inning by knocking a fly to Davy
Crockett at first. In the ninth Berte
hit the first ball pitched square on the
nose for three bases, Wallace hit to
short and was thrown out at first. Old
reliable Nick disgusted because every
one of his long hits had been
properly taken care of by the Ohio
fielders, determined to make the
boys hunt for their ponies and hit one
to the center field fence, scoring Berte
and he arriving in safety on third.
Sommers flew out to Gilman, and
after two strikes had been called on
Scott he placed a safe over second and
Reeder scored. Meredyth left Scott
on second by hitting an easy one to
Mercer, who threw him out at first.
Following is the summary:

NOTES.

Three straights from the unbeaten
Irontons speaks very well for the
"Boys in Blue."

The Captain of the Ironton team,
Mr. Ed O'Brien, is not only a good
ball player but also a fine disciplin-
arian. Several times his men ques-
tioned the umpire's decision, but they
were promptly called down by the
Captain with a warning that if they
repeated the offense they would be
fined.

The Ironton boys play ball for all
they are worth and the beauty about
their playing is you never can tell
who's going to win until that big four
—Driscoll, Gilman, Little and O'Brien
are put out of the way.

ise of a return game the following

"POMPEY" PAYNE.

The Famous Gambler, Dies at Hot
Springs.

News reached this city late yester-
day that John Brand ("Pompey")
Payne had died at Hot Springs. His
remains will be buried there.

"Pompey" Payne was one of the
most notorious men in all Kentucky
in his day. He was born in this city
and lived here until about 1878, up to
which time he conducted several faro
banks. Like all daring gamblers he
had a fortune one day and was as
often flat broke the next. He was
generous to a degree and was famous
for his lavish charity. He was genial
and whole-souled and possessed scores
of warm friends. His death will bring
the unbidden tear to the eye of many
an old comrade. He was a cousin of
Wellington Payne and of Breck Payne,
of this city. His father was at one
time Mayor of Lexington. He was
about 67 years of age.

Little, But Lively.
"Little drops of water,
Little grains of sand,
Make the mighty ocean,
And the pleasant land."

And dropping into prose, we would
say, that Dr. Pierce's Pleasant Pellets
are mild, but prompt in relieving con-
stipation, sick headache, bilious at-
tacks, pain in the region of kidneys,
torpid liver, and in restoring a healthy,
natural action to the stomach and
bowels. 25 cents a vial. One Pel-
let a dose. Little, but lively. The
use of the old style, dra-tic pills is an
outrage on the human system.

PERFECTLY SANE.

A Trumped Up Charge of Lunacy
For a Purpose.

The charge of lunacy preferred in
Clark County against Miss Sarah B.
Munday, of this city, by her brother,
David Munday, seems to have been
merely a scheme to get the property
of Miss Munday into the hands of a
trustee. Miss Munday is an aunt of
Mrs. J. F. Davis, of this city, with
whom she is making her home. Her
other relatives feared that Mrs. Davis
might be especially favored by Miss
Munday in her will and they desired
a trusteeship in order that the prop-
erty might be equally distributed after
her death.

Bronston & Allen were retained
as the attorneys for Miss Munday
and after the writ of lunacy was filed
in Winchester and before it could be
served here Miss Munday selected the
Security, Trust and Safety Vault Co.
as her trustee, reserving the right to
leave her property according to will
heretofore or hereafter made. This
restoration did not suit the relatives
of Miss Munday, and they determined
to have her dragged to Winchester on
the charge of lunacy whether or no,
and the Sheriff and attorneys came
over here for that purpose.

Mr. Bronston immediately swore
out a writ of habeas corpus, however,
which blocked their little game, and
after a long conference they concluded
that nothing could be done and went
back to Winchester.

Miss Munday is in her 74th year
and is as sound minded as any one.
She was considerably wrought up over
the scheme of her relatives to have her
property taken out of her hands, and
is quite sick and nervous in conse-
quence.

HE TRIED TO KILL.

But Luckily His Aim Was Not Very
Good.

At 12 o'clock last night Officer
Grace had quite an exciting chase
along Megowan Street, and for a time
it sounded as if a regular Fourth of
July celebration was in progress.
George Dupce, a tough negro, tried to
kill Cal Clay, another negro, in a
back yard of a house on Megowan
Street, but Clay was too quick and
dropped to the ground, thus saving
his life. Dupce, as soon as the shoot-
ing was over, made a dash for liberty
and traveled out Megowan Street at a
lively clip, but Officer Grace put a
stop to his racing by firing several
shots at the fugitive, which brought
him to time. He was taken to the
Station House on a charge of shoot-
ing at without wounding.

13-31—August, 1893.

Reverse 13 and it will be 31, which is
exactly the age of Mr. C. W. Schneider,
the popular upholsterer of No. 33 North Broad-
way. Today he has reached the thirty-first
mile stone of the panicky journey of life,
and he is proud of the event, and after at-
tending divine services this morning he will
enjoy the balance of the day at his residence
on West Main Street. A few friends from
Winchester, Paris and Lexington will pay
their respects to his natal day. Many re-
turns, Uncle Schneider.

The occasion of the birthday festivities
will be a double event—the infant daughter
of Mr. Karl Klein will be taken to the bap-
tismal font of the German Protestant Evan-
gelical Church, on Maryland Avenue, and
Rev. John Ramsauer will officiate. Success
to Miss Rosa Klein.

Mr. Charles Lee Todd, son of Dr. L.
B. Todd, who has been engaged in
business in Boston during the past
sixteen months, reached home last
evening to spend a short vacation.
He is gratified to visit his old Ken-
tucky home, to which his many friends
warmly welcome him. A friend, Mr.
Charles Everett, of Lincoln, Mass.,
accompanies him. We wish the gen-
tlemen a pleasant time.

At the Court House on Monday
afternoon at 3 o'clock Mr. A. W. Mar-
shall will make a short address to the
citizens of Fayette County in behalf
of Miss Laura Cravens, the lady can-
didate for County Superintendent. La-
dies are especially invited to be
present.
